2009 PITA Rookie Awards

Welcome new shooters.

At each State/Provincial Shoot, any shooter who has not registered targets in any association until after their 2008 State/Provincial Shoot is eligible to compete for their State/Provincial Rookie Championship. The winner of each State/Provincial Shoot qualifies to compete in the PITA Rookie of the Year competition at the PITA Grand Pacific Tournament, July 22, 23 & 25, 2009 at Evergreen Sportsmen's Club-Littlerock, WA. If the winner cannot attend the runner-up rookie can take his/her place.

Ask about the program in your State/Province. There is no extra fee to enter, however, the shooter must shoot the events required at their State/Provincial Shoot and be listed as a State/Provincial Rookie/Rookie RU on the form provided to their State/Provincial Secretary. Competition at the Grand Pacific is 200 singles (Events #8 & #10-Wednesday & Thursday) and 100 handicap (Event #15-Saturday). A Championship Buckle will be awarded to the Rookie with the highest score on these 300 targets.

If you are a Rookie who would like to participate, let the handicap table know when you enter your State/Provincial Shoot. If there are any questions, please feel free to e-mail, sue@shootpita.com or call the PITA office (541) 258-8766.

2009 All Star Team Requirements

A. Selection of the 45 team members is based on a composite average of all scores in 16 yard, handicap and doubles.

B. Targets must include 100 singles, 100 handicap and 100 doubles shot at five (5) different locations. The minimum target requirement for each category is listed in the chart below.

C. Targets must include participation in the High All Around (200 singles, 100 handicap and 100 doubles) events at two (2) major shoots.

D. Major shoots are defined as a State or Provincial shoot, the Western Canadian Championships and the Grand Pacific Tournament.

E. Participation at a major shoot may be used to satisfy the five (5) location requirement. Examples: If shooting the California State shoot at Coon Creek (Lincoln) and the Nevada State shoot at Fallon, you must shoot at three (3) other locations. Lincoln and Fallon shoots cannot be counted a second time to meet the requirements. If shooting the WA State Shoot at Evergreen and the Grand at Evergreen (your two majors) you must shoot at four (4) other locations to meet the five location requirement.

F. Cross-registered targets are included in computing the composite average but are not considered in meeting the five (5) location requirement.

Category	16 Yard	Handicap	Doubles
