Welcome to the 1st Annual P.I.T.A. HARVEST GRAND

On behalf of the Spokane Gun Club and the Pacific International Trapshooting Association I would like to extend a warm welcome to all shooters and their families. We're happy to bring the P.I.T.A. back to eastern Washington and we're glad you're able to join us for this exciting new event.

Friday, we'll be shooting 300 doubles marathon targets. White Flyer Targets has generously donated all the PINK targets we'll use for this event and all of the proceeds from Friday's events will go to the Susan G. Komen For the Cure. Saturday and Sunday you will find the opportunity to shoot 500 more registered targets.

Join the P.I.T.A. for the first time at this shoot and you will get 13 months of membership for only \$10! Renewing members can get 13 months of membership for only \$20.

Don't forget to cross-register your targets and double the benefit of shooting at this great club and join us for a delicious dinner put on by the club on Saturday night!

Jennifer Carter
P.I.T.A. President

TWO SIZES, *One* CHOICE.

Producing finished shells almost faster than you can shoot them, **THE GRAND** progressive press is the ideal choice for high-volume shooters. It's easy to see why. One pull of the handle moves the hull through all eight stations, producing 500 precision-loaded shells an hour. And thanks to our innovative powder and shot design, there's no worry of spillage.

THE MINI GRAND affordable, single-stage press now offers Grand performance in a compact size that loads about 200 rounds an hour. Now every shooter can have the satisfaction of loading his own.

Visit www.rcbs.com to learn more about the right press for you.
