► PITA 2009-10 Rule Book, pages 22-23, CLASSIFICATION: 16-Yard Classification, add to (e):
An odd number of 50 target events will cause the 1000 target average total to be increased to 1050. A 50 target event is calculated based on the actual score divided by 50. Combine this score with the previous scores to establish your overall average. The 10% rule for abnormally low scores applies. (Example: 1050 targets shot at i.e.; 1015 divided by 1050 = .9667 which is a 96.67 average).

► PITA 2009-10 Rule Book, pages 23-24, CLASSIFICATION: Doubles Classification, add to (a):
An odd number of 50 target events will cause the 800 target average total to be increased to 850. A 50

target event is calculated based on the actual score divided by 50. Combine this score with the previous scores to establish your overall average. The 10% rule for abnormally low scores applies. (Example: 850 targets shot at i.e.; 801 divided by 850 = .9424 which is a 94.24 average).

► PITA 2009-10 Rule Book, pages 27-28, HANDICAP RULES: Handicap Yardage Reduction, add to (d):
An odd number of 50 target events will cause the 800 target minimum number average to be increased to 850. A 50 target event is calculated based on the actual score divided by 50. Combine this score with the previous scores to establish your overall average. The 10% rule for abnormally low scores applies. (Example: 850 targets shot at i.e.; 727 divided by 850 = .8553 which is a 85.53 average).

► PITA 2009-10 Rule Book, page 10, REFEREE, add to (c):

(c) It shall particularly be the duty of the Referee to see that the contestant, when firing at a target, is standing within the prescribed limits **and at the correct post.** (See "No Targets" for some clarifications). **If a contestant skips a post during a sub-event (including a shoot-off) the errant contestant must go back to the missed post as soon as it is noticed and as soon as practical. The overriding factor is that all contestants must remain in the same order of firing. The errant contestant may be required to finish the sub-event after the remaining members of the squad are finished. In all sub-events (include shoot-offs) all contestants must shoot from all five posts and may not shoot twice from any one post.**
